Name: Vidhushini.T.S

Reg. No.: 192511061

AIM: To develop a Java Applet for a university student registration form using AWT controls such as Label, TextField, Checkbox, CheckboxGroup, and Button, with suitable layout management and event handling to display the entered student information within the applet window.

CODE

```
import java.applet.Applet;  
    BorderLayout.NORTH);  
  
    outputPanel.add(  
        outputArea,  
        BorderLayout.CENTER);  
  
    add(outputPanel, BorderLayout.SOUTH);  
}  
  
public void actionPerformed(ActionEvent e) {  
  
    if (e.getSource() == submitButton) {  
  
        String name =  
            nameField.getText().trim();  
  
        String reg =  
            regField.getText().trim();  
  
        String dept =  
            deptChoice.getSelectedItem();  
  
        String email =
```

```

        emailField.getText().trim();

Checkbox selectedGender =
    genderGroup.getSelectedCheckbox();

if (name.equals("") ||
    reg.equals("") ||
    email.equals("") ||
    dept.equals("Select Department") ||
    selectedGender == null) {

    outputArea.setText(
        "Please fill all the fields.");
    return;
}

String gender =
    selectedGender.getLabel();

outputArea.setText(
    "Student Registration Successful!\n\n" +
    "Student Name   : " + name + "\n" +
    "Register Number : " + reg + "\n" +
    "Department     : " + dept + "\n" +
    "Gender         : " + gender + "\n" +
    "Email ID       : " + email
);
}

else if (e.getSource() == clearButton) {

    nameField.setText("");
    regField.setText("");
    emailField.setText("");

    deptChoice.select(0);

```

```

        genderGroup.setSelectedCheckbox(null);

        outputArea.setText("");
    }
}
}

```

HTML FILE:

```

<html>
<body>

<applet
  code="StudentRegistrationApplet.class"
  width="700"
  height="550">
</applet>

</body>
</html>

```

OUTPUT:

Applet Viewer: StudentRegistrationApplet.html

Applet

STUDENT REGISTRATION FORM

Student Name:

Register Number:

Department:

Gender: ☒ Female ☐ Male

Email ID:

Registration Details:

```

Student Registration Successful!

Student Name      : Vidhushini T S
Register Number   : 192511061
Department        : Computer Science
Gender            : Female
Email ID          : vidhushini.ts@gmail.com
  
```

Applet started.
